

DIGITAL WEIGHT INDICATOR FOR FLOOR SCALES & BENCH SCALES

Good things can come in small packages! The M1 is a basic, 5 button indicator best suited to bench and floor scales. A compact stainless steel enclosure and large display make the M1 a useful and surprisingly versatile indicator for simple weighing applications.

The M1 indicator packs big processing power, giving it the same high resolution and speed found in other Western instruments. With advanced features like digital filtering, customized tickets and programmable macros, the M1 can rise above customer requirements while staying below customer budgets.

SPECIFICATIONS

Excitation:	5 V DC Up to 4 x 350 Ω or 8 x 700 Ω load cells
Analog Input Range:	0 -19 mV
Resolution:	10,000 d (LFT); 1 million internal counts
Measurement Speed:	80 weight samples per second
Power:	100 - 240 V AC, 50 / 60 Hz
Display:	6 digit, 7 segment LED 7/8" (22 mm) digit height
Communications:	2 Full duplex, RS-232 serial ports Configurable data formats Selectable output strings
Temperature Range:	14°F to 104°F / -10°C to 40°C
Approvals:	NTEP Class III/III L (10000) Measurement Canada Class III/III HD (10000 / 20000)

MADE IN CANADA. 

SIMPLICITY

Oversize LED weight display and large buttons improve operator interface.

User Menu for fast access to tickets & functions.

Lockout unused features.

PERFORMANCE

Speed. 80 weight samples per second.

Accuracy: 1 million internal A/D counts.

Stability: DYNArrest Digital Vibration Filtering.

Fast readings increase productivity and efficiency.

High quality connectors ensure trouble-free operation

VALUE

Weather-proof 304 stainless steel enclosure and mounting bracket.

Quality features North American industries demand at prices comparable to overseas imports.

MORE FEATURES

Fast and easy calibration to any test weight amount.

Build customized weigh tickets and programmable macros via the keypad or a PC. Applications may include counting, accumulating weights, etc.

Built-in software features! Technician and user friendly! For a comprehensive specification please visit www.westernscale.ca
