MAX

BATTERY POWERED
LIQUID CRYSTAL DISPLAY
DIGITAL WEIGHT INDICATOR

The MAX indicator combines flexible power options, a rugged, weather-proof enclosure, a high contrast LCD display, and selectable weighing modes like Livestock/Dynamic Weighing to offer a versatile choice for all types of industrial weighing applications, environments, and locations.

Western engineers have poured over the MAX, specifying battery-friendly components and designing the unique PowerMAX operating platform that intelligently identifies when to supply or conserve power resources. This industry leading power efficiency stretches battery life to over 500 hours!

SPECIFICATIONS

Excitation:	5 VDC, Up to 4 x 350 Ω or 8 x 700 ohm loadcells
Analog Input Range:	0 - 19 mV or 0 - 39 mV (Selectable)
Resolution:	10,000 d (LFT), 1 million (Internal counts)
Measurement Speed:	10 - 80 weight samples/sec. (Automatic)
Power:	Battery: 6 "C" cell alkaline batteries AC Input: 90 - 240 VAC DC Input: 12 VDC Consumption: 500 mW
Display:	6 digit, 7 segment, 1 inch (2.54 cm) LCD display with backlight
Communications:	Full duplex RS-232 serial port Configurable data format Selectable output strings
Temperature Range:	14°F to 104°F / -10°C to 40°C
Approvals:	NTEP & Measurement Canada pending

MADE IN CANADA. 

BATTERY POWER

Flashlight style battery compartments make changing batteries quick and easy.

PowerMAX technology stretches battery life to over 500 hours!

12 Volt input terminal for car batteries.

LIQUID CRYSTAL DISPLAY

The crystal clear LCD display is easy to read in low light and direct sunlight.

Large, bold characters and annunciators help operators get the information they need at a single glance.

RELIABLE & DURABLE.

Weather-proof 304 stainless steel enclosure and mounting bracket.

Suitable for tough outdoor and wash-down environments.

MORE FEATURES...

Easy calibration to any test weight amount.

Digital Filtering for advanced stability and fast weight readings.

Build custom weigh tickets with the Ticket Formatter.

Built-in software features! Technician and user friendly! For a comprehensive specification, please visit www.westernscale.ca.
